DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 64 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 64 is indefinite since it depends from cancelled claim 54.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 65-67 are rejected under 35 U.S.C. 102(b) as being anticipated by Havel (US Patent No. 4,734,619).

As to claim 65, Havel discloses a pixel comprising: a light emitting diode that emits in the blue region; a light emitting diode that emits in the green region of the visible spectrum and adjacent the blue LED (6g, Fig. 2); the blue LED and the green LED (5g, Fig. 2) having their respective top contacts in substantially the same plane (see Figs. 2 and 4); and a light emitting diode that emits in the red region of the visible spectrum, and adjacent to the blue LED and the

green LED and the red LED (4g, Fig. 2) having its respective top contact insubstantially the same plane as the top contacts of the blue LED and the green LED (see Figs. 2 and 4).

As to claim 66, Havel discloses that the blue LED (6g, Fig. 2) and the green LED (5g, Fig. 2) and the red LED (4g, Fig. 2) have their respective bottom contacts in substantially the same plane.

As to claim 67, Havel discloses that top contacts and the bottom contact are in different planes (see Fig. 2).

Allowable Subject Matter

5. Claims 17-29, 31-43, 49-53, 55-63 are allowed.

Response to Arguments

6. Applicant's arguments with respect to claims 65-67 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,
